

Welcome to the first bulletin for TAUP 2023,

the XVIII International Conference on Topics in Astroparticle and Underground Physics (TAUP2023) will be held in the beautiful city of Vienna. The conference will take place from 28th August to 1st September 2023 at the University of Vienna. The conference is jointly organized by the Institute of High Energy Physics of the Austrian Academy of Sciences, the Technische Universität Wien, Universität Wien, Universität Innsbruck and Comenius University Bratislava.

The purpose of TAUP2023 is to bring together theorists and experimentalists working in Astroparticle Physics to review and discuss the status and prospects of cosmology and particle physics, dark matter and dark energy searches, gravitational waves, neutrino physics and astrophysics, high energy astrophysics and cosmic rays.

We invite you to join us on TAUP2023, present talks or posters, have a lively discussion, and meet new or known people. We particularly would like to encourage the active participation of young researchers in the field, and we plan to publish peer-reviewed proceedings.

The call for registration and abstract submission is open and can be found at the conference website taup2023.hephy.at in respective sections. On the website also listed all needed information about travel, social and public events and the satellite workshop “EXCESS23” (registration and abstract submission are open). Any inquiries concerning TAUP2023 are very welcome. These can be directed to taup2023@oeaw.ac.at. In case of questions regarding registration, hotels and letters for a visa, please write to taup2023@austropa.at.

Key dates

Abstract submission		Closes 1 st May 2023
Early registration	€ 550 (incl. coffee breaks, social events)	Closes 1 st July 2023
Full registration	€ 580 (incl. coffee breaks, social events)	Closes 15 th August 2023

We are looking forward to welcoming you to Vienna,
TAUP local organizing committee
